Novelette

Kevin Kaisershot

THE WORK: Novelette, as the title would suggest, is a small story with several distinctive chapters. As a result, this composition is a set of five variations on an original theme and each with their own character.

PERFORMANCE TIPS: The theme should be presented in a legato style with dynamics being closely observed. The first and second variations should utilize a light tonguing style, again paying close attention to dynamic changes, some of them abrupt! The third variation should again revert to a legato style with every effort made to dovetail entrances to make it seamless. The fourth variation is very melancholy and should be approached with despair as the underlying emotional feature. The fourth variation gives way to the triumph that is the fifth variation. This character is heroic and self-assured, pushing forward with a sense of purpose all the way to the final note.

This work is part of a growing series of original pieces by this talented composer. Many of these titles are already found on contest lists throughout the country.

These like-instrument ensemble works are designed to be performed by junior high and high school level musicians. They are ideal for use in festivals and competitions as well as in concerts, church services and other special events. All pieces are melodically and rhythmically creative with all parts being interesting and suitable in difficulty. (Easy-Medium, Medium)

Besides their use as like-instrument pieces, they are all interchangeable and will work with any combination of the brass or woodwind instruments (flute, clarinet, saxophone, horn, trumpet, trombone and tuba). This means that any non-standard combinations of instruments will have access to these terrific works.

Other titles in this series:

Elegy, Scherzo Diabolique, Novelette, Danse a la Gigue, Modern Day Madrigal, Rondeau Gracieuse, Moments Majestique and Musical Tag.
