Donkey Riding

Donald Coakley

Arranged by David Marlatt

Donkey Riding is an old sailor's song that originated on ships that sailed from Glasgow, Scotland and Liverpool, England to bring back timber from Canada. Donkey Riding was sung as a work song to help the sailors load lumber onto the ships decks. The "Donkey" in the title refers to the donkey engines used in loading the cargo onto the ships. The melody is based on the Scottish march Highland Laddie which had also been transformed into a sea chantey. The sea chantey was not related to the work song, but was sung by British and American sailors plying the Atlantic Ocean. A version of Donkey Riding was also sung by cotton stowers in Mobile, Alabama.
