## PROGRAM NOTES

*The Thunderer* was written by “The March King”, John Philip Sousa, in 1889 and it was said to be Mrs. Sousa’s favorite march. This well-known march is adapted here for young bands and still retains the charm and appeal of the original. With the woodwind parts lowered and the rhythms and snare drum part simplified it’s very playable by most middle school bands. What a great way for young musicians to experience the music of this famous composer while learning to play great march style with separation and dynamic contrast.

## ABOUT THE COMPOSER

John Philip Sousa was born in Washington, D.C. in 1854, and he died in 1932. His father was a musician in the United States Marine Band, and at an early age, Sousa became an apprentice member of the band. He became a very successful violinist, conductor and composer before he became the leader of the Marine Band. He and the Marine Band were a resounding success. He left the Marines to form his own professional band, and Sousa’s Band became the most famous band in the world, performing all over America and on several world tours. Today he is best known for his marches, and he is known as “The March King”. His march, *The Thunderer*, was written in 1889.

## ABOUT THE ARRANGER

Robert E. Foster, Jr. was born in Gainesville, Florida in 1966. He received his Music Education degree from the University of Kansas while playing varsity football for the Jayhawk football team. He signed a free agent contract with the N.F.L.’s Atlanta Falcons in 1988. Following his football career, he went on to complete his MS degree in Music Education from the University of Illinois. He has also completed additional graduate work at the University of North Texas and the University of Kansas.

Mr. Foster has been a band director and has taught at the University of Maryland, Texas Christian University, Haskell Indian Nations University, and Tennessee Tech University. Additionally, he has taught for many years in the Eudora and DeSoto, Kansas middle schools and high schools. He is a highly successful composer and arranger of band music at all levels, including works for military bands and marching bands.

## Achievement Series Lesson Guide

Every selection in the Wingert-Jones *Achievement Series* features concise learning objectives that support the **National Standards for Arts Education**.

### The Thunderer March

John Philip Sousa, arranged by Robert E. Foster, Jr.

**National Standards** addressed through this publication:

- #2 Performing on instruments, alone and with others, a varied repertoire of music.
- #5 Reading and notating music.
- #6 Listening to and analyzing and describing music.
- #9 Understanding the music in relation to history and culture.

### LEARNING OBJECTIVES

This is an excellent opportunity for students to learn about “The March King”, John Philip Sousa. It is important to play marches with good style. March style is a separated style. Every note which is not slurred or connected should be separated. It is also important to play with good dynamic contrast. Make a clear distinction between the louder and softer passages.

### MUSIC THEORY

**KEY:** Concert E♭ Major, and A♭ Major. Learn or review the scale which is printed at the top of each player’s part.

### TIME SIGNATURE

**2**- The upper number indicates that there are 2 beats to a measure. The lower number indicates that a quarter note receives one beat.

### DYNAMIC MARKINGS

**p** (piano) – soft

**mp** (mezzo piano) – moderately soft

**mf** (mezzo forte) – moderately loud

**f** (forte) – loud

**ff** (fortissimo) – very loud

crescendo (—) – gradually get louder

### STYLE INDICATORS

accent (>) – emphasis on a note or chord. Accented notes are separated

**sfz** (sforzando) – a sudden strong accent

staccato (•) – detached, separated, and light

tenuto ( - ) – hold the note for its full value

marcato (▲) – a heavy short accent

### OTHER TERMS

Fine – the end

slur – a curved line indicating that all notes under the line should be connected

tie – a curved line that joins two or more notes of the same pitch
