Program Notes

The interstellar visitors from outer space are back! As depicted in previous works in this “Aliens” series, these other-worldly characters have visited Earth in the past with a grand plan of taking over our world. They were defeated, but now they’ve returned with a vengeance! As with the other descriptive works in the “Aliens” series, this work contains effects that add to the mysterious and somewhat eerie atmosphere that surrounds these visitors from other worlds.

Performance Notes

The whistling effect works best with the widest range of pitches, fully sustained for the duration of the measures indicated.

This is also a good opportunity for audience participation as you can invite the audience members to add to the whistling when you cue them to start and finish. This can be performed alone or with the other pieces in the “Aliens” series to create your own interstellar musical adventure.

About the Composer

John Prescott is a Professor of Music at Missouri State University, where he teaches theory, composition, and commercial music. His compositions include works for band, orchestra, chorus, solo, and chamber ensembles, as well as multi-media pieces, and have been performed nationally and internationally. Dr. Prescott holds degrees in music theory and composition from Florida State University and from the University of Kansas, where he studied composition with John Pozdro and James Barnes.

Achievement Series Lesson Guide

Every selection in the Wingert-Jones *Achievement Series* features concise learning objectives that support the **National Standards for Arts Education**.

THE ALIENS' REVENGE

John Prescott

National Standards addressed through this publication:

- #2 Performing on instruments, alone and with others, a varied repertoire of music.
- #5 Reading and notating music.
- #6 Listening to and analyzing and describing music.
- #9 Understanding the music in relation to history and culture.

LEARNING OBJECTIVES

This selection provides opportunities for reinforcing counting, and playing independent rhythmically. Careful counting is important. It also provides an excellent opportunity to work on dynamic contrast and style. Make a clear distinction between *mezzo piano*, *mezzo forte*, *forte*, and *fortissimo*. Strive for distinct different dynamic levels. *Mezzo forte* must be less loud than *forte*. Observe the style markings. Staccato is a style marking, and it is a light, separated style. This should be an obvious contrast with the notes that are not marked staccato. Accented notes are also separated, but they are heavy and separated.

MUSIC THEORY

KEY: Concert g minor. Learn or review the scale which is printed at the top of each player's part.

Key of G Minor

Concert G Minor Scale and Arpeggio

TIME SIGNATURE

4 - The upper number indicates that there are 4 beats to a measure. The lower number indicates that a quarter note receives one beat.

DYNAMIC MARKINGS

p (*piano*) - soft

mp (*mezzo piano*) – moderately soft

mf (*mezzo forte*) – moderately loud

f (*forte*) – loud

ff (*fortissimo*) – very loud

fp (*forte-piano*) – start loud, and immediately play soft

Crescendo () – gradually get louder

STYLE INDICATORS

Accent (>) – emphasis on a note or chord. Accented notes are separated

Staccato (·) – detached, separated and light

OTHER TERMS

Slur – an arching line drawn over a group of notes indicating that they should be played legato or connected

Tie – a slur connecting two successive notes of equal pitch

Sub. (subito) – suddenly, as in *sub. p* (suddenly soft)

(Student worksheet is on the inside of the score's back cover.)
