TO THE DIRECTOR

This chart features all of the elements that have made the "Chili Pepper" series of charts so popular over the years. The most significant element is of course the rhythm section groove. Once that is in place, the horn parts should lay quite well.

Throughout the chart, the horns should be very careful to stay on top of all anticipated figures. Successive upbeats are usually where the tempo tends to lag. Work hard to keep the groove solid and all articulations crisp.

The solo section may be repeated as many times as desired. The changes are easy, so this may be a good chart to introduce some of your players to improvisation. Sample solos are provided. For each solo, repeat the section starting at m. 49 four times, and then go on to m. 53. At m. 68, you may repeat to m. 49 for more solos.

Doug Beach has built a career that includes performing (trumpet), teaching, adjudicating, publishing and composing. Inspired by his interest in playing, writing and teaching, in 1975 he established the publishing company which bears his name. Three years later, Doug joined the faculty of Elmhurst College in Illinois as director of the College Jazz Band; in the years since, his band has toured Europe often (twice at the invitation of the U.S. State Department) and has appeared with jazz greats Clark Terry, Diane Schuur, Louie Bellson, Bobby Shew and others. In great demand as a clinician and adjudicator throughout the U.S. and Canada, Doug has also been artist-in-residence on two different occasions for the Illinois Arts Council.

George Shutack is widely regarded as one of the leading composers of jazz ensemble music for younger players. While he has written many more challenging works, he is best known for his charts at the grade 2-4 levels. A keyboard player living in the Chicago area, George has been writing for Doug Beach Music since 1978. In addition to being one of the core writers on the staff, he is also responsible for many of the decisions regarding the company's musical direction. With over 125 compositions to his credit, George is one of the most active writers in jazz education today.
