TO THE DIRECTOR

From the opening bar to the final chord, a strong shuffle feel is key to the performance of this chart. The drummer and bass player need to come together as a team to create the groove. Horns should pay close attention to the articulations throughout the chart as well.

The brass must be careful to not blow too loud on the opening melody at measure 9. Since it is scored in octaves, a clean performance will make it as strong as it needs to be. The breaks in the rhythm section that begin at measure 17 should be nice and crisp. The saxes have a soli at measure 41, work for a good balance of all five parts here.

The solo section at measure 57 may be opened up for as many soloists as desired. Backgrounds may be cued. Written solos are provided, but this is a good spot to encourage improvisation.

The brass falls at measures 75 and 77 should be quick and short like a "bark". The ensemble is to be nice and fat at measure 79 for the shout. The melody returns at measure 92, which leads to the tag that takes the chart out strong.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks.
