TO THE DIRECTOR

This chart is a funky tune featuring a swinging, walking bass line fused with a half-time, hip hop groove. It includes a fun saxophone soli, solos for 1st Tenor Saxophone and 2nd Trumpet, and an exciting ensemble section which grows from a whisper to a roar.

Work with your rhythm section to establish a solid groove. Either acoustic or electric bass will work well for this chart. The swinging bass line needs to lock in with the hip hop groove in the drums. Have the drummer play a swing pattern on the cymbals along with a heavy back-beat on beat 3 of each measure, which will feel like 2 and 4 in half time.

The rhythmic figures in the horns should be swung. There is a wide range of dynamics in this chart, work with the group to emphasize the dynamics. For the saxophone soli at measure 55, have your saxophone section stand to project better.

Written solos are provided for the solo section at measure 83, however, always encourage your soloists to improvise. The chord progression is a modified blues in F, so blues ideas will work well. There is a tricky chord, the concert Db9 (bVI), which appears where we would typically expect to hear Bb7 (the IV chord). Work with the soloists to ensure their solos reflect that Db9 chord.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
