TO THE DIRECTOR

After the full ensemble introduction, the trumpets have the melody together. Ensure the line is legato and smooth with no "bumps". The saxes and trumpets then trade the melody for eight measures with the trombones filling in the harmony. At measure 19, the saxes take over the melody in a harmonized soli. This section should sound full and balanced.

The trumpet and trombone split the melody at the bridge with the saxes adding the harmonic pad. The brass punctuations at measure 39 should be nice and fat, not too short. The solo section at measure 51 can be opened up for anyone, with solo sheets provided in all keys. The trombone background figures are to be smooth and flowing. Likewise for the trumpets at measure 66.

The ending rhythmic figures should be nice and tight, with plenty of punch. The time must remain constant with the rhythm section playing exactly with the winds.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks.
