TO THE DIRECTOR

As the title implies, this chart is more than just a blues -- it's scored in a blues format, but with a bridge. For optimum results, observe all articulations and dynamic markings so as to support, but not compete with the melodic motives. A deliberate, well-articulated concept will make the chart sound its best. Though the style marking reads "swing", it will also work nicely as a shuffle.

The rhythm parts are thoughtfully written for those who wish to play them as is, but able players are encouraged to comp when possible. Also, make sure not to be so considerate of the soloists that you lose the groove by playing too softly. During solo sections you should always remember; the more interesting you play, the more interesting the soloist will play!

Due to the accessible blues progression, everyone is encouraged to get into the spotlight using the solo sheets provided! After the solo section (measure 61), each horn section gets a 12-measure showcase, making this a great festival choice so adjudicators can hear the sections of your band individually.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
