TO THE DIRECTOR

Thanks to the use of common bebop vocabulary, this piece will rehearse efficiently. The memorable lines are easy to hear and lay well on the instruments. The chord progression is also easy to grasp for the rhythm section and soloists. I recommend rehearsing the bebop lines at a slightly slower tempo at first. If performed at the suggested metronome marking, the lines work well, but they will still be effective if bands wish to play the piece faster. Careful attention to dynamic control and exaggerated accents on the upper notes of phrases will make this chart even more exciting.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
