TO THE DIRECTOR

This chart, *Edge Of The Earth*, conjures up mental images of driving a curvy mountain road overlooking a picturesque desert valley.

For optimum results, observe all articulations and dynamic markings so as to support, but not compete with the melodic motives. An aggressive, but controlled concept will make the chart sound its best. The rhythm parts are thoughtfully written. Also, be sure the rhythm section supports the soloists with a driving groove, versus being so considerate that the intensity is compromised; the more interesting the rhythm section plays, the more interesting the soloist will play!

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
