EXTRA SCORES & PARTS AVAILABLE

TO THE DIRECTOR

The beginning saxophone soli ostinato is a simple but key part in establishing the groove of the chart. It is important to insure those eighth notes do not rush but 'lock in' to the tempo from the beginning. This will help give the band some confidence with their entrance in measure 9.

The breakdown at measure 48 contains a unison line layering throughout that eventually climaxes into the solo section at measure 70. Ensure that everyone playing the unison lines matches articulation. As in any funk-oriented tune, matching articulations is key to a tight sounding ensemble.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
