SELECTIONS FROM *PICTURES AT AN EXHIBITION*

Pictures at an Exhibition is a collection of musical miniatures inspired by drawings of the artist Victor Hartmann. Mussorgsky originally wrote this piece for piano, and it has been orchestrated by a number of composers. The most famous orchestration was by Maurice Ravel. The “Promenade” represents the viewer who moves from one picture to another while attending an art exhibition. “Bydlo” (the title is Polish for *cattle*) represents a sketch of an oxcart. The drawing represented by “The Ballet of the Unhatched Chicks” is a costume design in which children are shown wearing large egg costumes. Hartmann’s design for a monument, which was never built, was the inspiration for the piece “The Great Gate of Kiev.”
