## About the Composer

A product of the rich cultural environment of Chicago, composer-conductor Mark Camphouse was born in Oak Park, Illinois in 1954. He received undergraduate and graduate degrees in music from Northwestern University where he studied composition with Alan Stout, conducting with John P. Paynter, and trumpet with Vincent Cichowicz. A scholarship from the Civic Orchestra of Chicago enabled Camphouse to study trumpet privately for two years with legendary Chicago Symphony Orchestra principal trumpet, Adolph Herseth.

Camphouse began composing at an early age, with the Colorado Philharmonic premiering his *First Symphony* when he was 17. His 33 published works for wind band have received widespread critical acclaim and are performed frequently in the US and abroad in such prestigious venues as Carnegie Hall, The Kennedy Center, Symphony Center-Chicago, Royal Albert Hall-London, and conferences of the World Association for Symphonic Bands and Ensembles, College Band Directors National Association, National Association for Music Education, American Bandmasters Association, and the Midwest International Band and Orchestra Clinic. Principal commissions include those by the William D. Revelli Foundation, The US Air Force Band, The US Army Band, The US Marine Band, Northshore Concert Band, Tara Winds, and Fairfax Symphony Orchestra. Recent guest conducting engagements include those with the Houston Symphony Brass Ensemble, United States Air Force Band, NAfME All-National Honor Concert Band, and Banda de Conciertos de San Jose (Costa Rica).

Mr. Camphouse has served as guest conductor, lecturer, and clinician in 43 states, Canada, Central America, Europe, and China. He was elected to membership in the American Bandmasters Association in 1999 and has served as founding coordinator of the National Band Association Young Composer Mentor Project since 2000. He conceived and edited the unique 4-volume book series for GIA Publications, *Composers on Composing for Band*. His 5th book with GIA Publications (*Whatarever Things ... The Life and Teachings of John P. Paynter*) was published in 2014.

The 2020–2021 academic year marks his 43rd year of full-time teaching in higher education. In 2006, Professor Camphouse joined the faculty of George Mason University (Fairfax, Virginia) where he serves as Director of Concert Bands, conductor of the wind symphony, and teaches undergraduate and graduate courses in composition, conducting, orchestration, and analysis. Other principal artistic, teaching, and administrative positions have included serving as Music Director and Conductor of the New Mexico Music Festival at Taos Symphony Orchestra, Associate Director and Music Division Head of the Virginia Governor's School for the Arts, Acting Dean of Music of New World School for the Arts in Miami, and Interim Director of the George Mason University School of Music.

Professor Camphouse attained regional finalist status in the prestigious White House Fellowship Competition in 1993. In 2002, he received an Outstanding Faculty Award sponsored by the State Council of Higher Education for Virginia, the Commonwealth's highest honor for faculty at Virginia's colleges and universities for demonstrated excellence in teaching, research, and public service. In 2011, Camphouse received the Kappa Kappa Psi Distinguished Service to Music Award in recognition of and appreciation for valuable contributions to the growth and development of the modern college/university band in the field of composition. In 2015, Camphouse received the Outstanding Contributor to Music Award from Phi Beta Mu International Bandmasters Fraternity. Mark Camphouse has been married to Elizabeth Ann Curtis (Executive Director of the Mason Community Arts Academy) since 1982. They have twin daughters, Beth and Briton.

## About the Composition

The orchestral version of *Resolutions* was commissioned in 2017 by the Fairfax (Virginia) Symphony Orchestra to celebrate the 60th anniversary season of the FSO and to commemorate the 275th anniversary of Fairfax County's rich history, phenomenal growth, notable achievements, and most importantly, its vibrant and exciting future.

Upon hearing a recording of the FSO's premiere performance of *Resolutions*, former US Air Force Band Commander/Conductor Colonel Larry H. Lang asked me if I would be interested in transcribing the work for symphonic band. My response was immediate and affirmative! It was a great honor to conduct the premiere of the wind band version of *Resolutions* with the outstanding United States Air Force Band (Colonel Don Schofield, Commander/Conductor) in March 2019 during the American Bandmasters Association Convention in Loveland, Colorado.

The title contains a very intentional double meaning: musical resolutions (harmonic dissonance resolving to consonance) and political resolutions containing fundamental American principles of human freedom found in the influential Fairfax Resolves, penned in 1774 by American patriot and Fairfax County resident George Mason (1725–1792). Mason's Fairfax County friend and neighbor, George Washington introduced Mason's Fairfax Resolves into the House of Burgesses in July, 1774. Two years later, Mason served as the primary author of the Virginia Declaration of Rights, which ranks among the most noble and influential constitutional documents in the history of our nation.

I like my music to sing! Accordingly, theme 1 of *Resolutions* begins with an extended passage for solo tuba, euphonium, and English horn marked Adagio Lamentoso. Theme 2 is foreshadowed by solo flute. Theme 2 proper, marked Espansivo is soon heralded by the brass and percussion sections and eventually becomes a quasi-fanfare for full band. The music subsides, and theme 1 (initially stated in a somber minor mode) is transformed and played with warmth in a radiant major tonal center. This harmonic transformation of theme 1 is intended to reflect the abundance of natural beauty found in Fairfax County. Theme 3, marked Marziale has a decidedly heroic style and is first stated by the horn section. Fragments of William Billings' 1770 patriotic anthem, *Chester* (closely identified

with Washington's Continental Army) and George Frederick Root's 1862 Civil War tune, Battle Cry of Freedom (a.k.a. Rally 'Round the Flag) make brief appearances while superimposed with Theme 3 during this spirited section. A transition combining themes 2 and 3 leads to a resolute and celebratory return of theme 1. A very sonorous closing section marked Molto Largamente leads to the powerful conclusion of this 7-minute work.

## Kjos Music's Guide to © Copyright

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

### Adjudicator Copies

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence*, *String Basics: Steps to Success*, *First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks*, *BandWorks*, *Conservatory Editions*, *StringTracks*, and *Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

### Making an Audio or Video Recording

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit [www.copyright.gov](http://www.copyright.gov).

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

### Arranging for Marching Band or Another Ensemble

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

### What If I Want To ... ?

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit [www.kjos.com](http://www.kjos.com) and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
