## About the Composition

*Impression* was commissioned by the Gahanna Lincoln Instrumental Music Boosters, Gahanna, Ohio, in honor of Jeffrey D. Shellhammer for his years of dedication to music education and to the students of Gahanna.

Over the course of a long career, a band director shapes the lives of hundreds of students, leaving an indelible impression not only on each student's musical life, but also on his or her personal character. Perhaps more unexpectedly, after a lifetime of interacting with students through music, a director will look back to find that he or she has also been permanently changed. Year by year, young life by young life, students form impressions on their teacher that are as enduring and unforgettable as the impressions the teacher has left on each of them.

In *Impression*, a motive portraying a young teacher is presented first in the mallet percussion, then echoed in the other instruments over an unfocused and ethereal sonic texture. Gradually the motive builds and gives way to a simple and lyrical melody reminiscent of the innocence and potential of young students. At m. 59, the two musical ideas begin to combine as the teacher and students interact with and influence each other. At m. 91, the students' theme is fully developed as the students, aided by the wisdom and commitment of the teacher, find joy in realizing their potential. However, students cannot remain students forever, and after m. 99, they begin to move on to their adult lives, taking with them the impressions left by the musical experiences they have shared with their director. In the end, the teacher is left in thought. When the original motive reappears in the mallet percussion, there is an unexpected and enriching addition - the unfading impression the students have left behind.

—Ryan Nowlin

## Kjos Music's Guide to © Copyright

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

### Adjudicator Copies

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence*, *String Basics: Steps to Success*, *First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks*, *BandWorks*, *Conservatory Editions*, *StringTracks*, and *Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

### Making an Audio or Video Recording

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit [www.copyright.gov](http://www.copyright.gov).

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

### Arranging for Marching Band or Another Ensemble

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

### What If I Want To ... ?

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit [www.kjos.com](http://www.kjos.com) and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
