

The clarinet

Notes on assembling the clarinet are on page 61 and a fingering chart is on pages 62 and 63.

Minuet 

Johann Sebastian Bach

Moderato grazioso

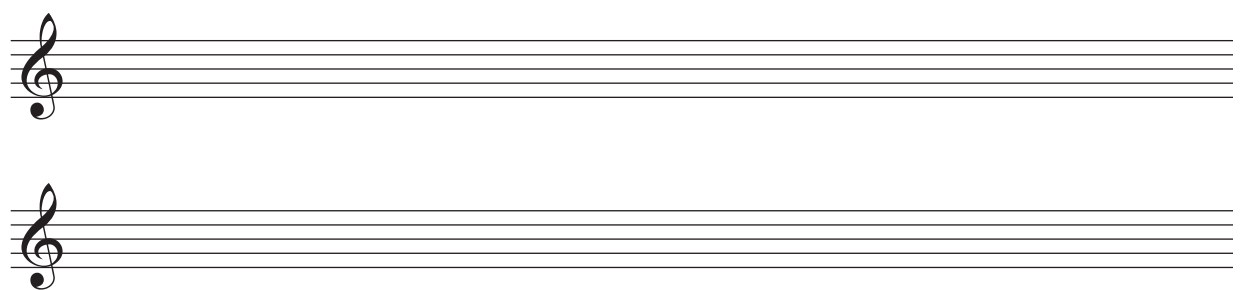

Activity box

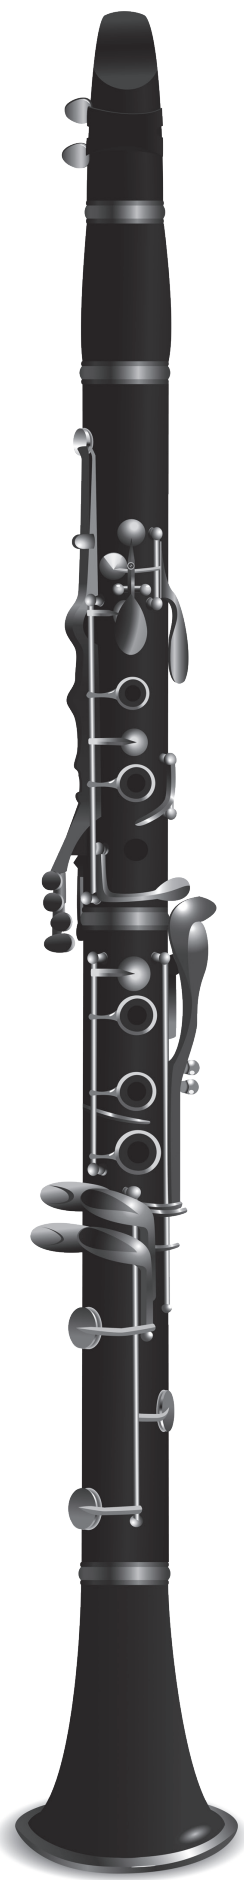

- Here's a little project for you: try to find out when the clarinet was invented and who invented it. Early clarinets were made out of a lovely coloured wood, and weren't black as they are today – can you find out what wood it was?
- Choose your favourite scale and play it beginning on the highest note and then going down and up (rather than up and down!)
- Now play it in the character of all the pieces in this stage; like a dinosaur, creepily, like a cowboy, elegantly ...
- Choose your favourite arpeggio and play it as smoothly as possible, like melted chocolate.
- What does **Andante** mean? _____
- What is a key signature? _____
- Clap the following rhythm and write the counting beneath the music:

- Try writing a gloomy piece this time and remember to give it a title.
_____ by _____
