PROGRAM NOTES

Made You Look is a smash hit performed by the GRAMMY® Award winning singer/songwriter Meghan Trainor. This is a terrific song that is full of energy and spirit! The infectious melody will have your audience dancing in the aisles.

NOTES TO THE CONDUCTOR

This arrangement closely follows the form of the original song. While this style of music does not often include many dynamic changes, feel free to add musical shaping to the phrases to enhance the performance. The overall feel should be bright, energetic, and lighter in style, except where there are written accents. Use the original song recording as a guide to achieving the appropriate style.

In order to achieve the "doo-wop" flavor, the music should be performed with some bounce in the feel. This will help generate the intended excitement of the original. Balance is always important in all styles of music. Ensure that the melody is clear and in the forefront throughout the piece. This arrangement would be great for facilitating discussion about melody, counter melody, and accompaniment.

The addition of electric bass would add to the overall sound of the arrangement, and feel free to double the electric bass part on synth bass, experimenting with the sound and octaves to match the original recording.

I hope you and your students enjoy performing *Made You Look*!
