NOTES TO THE CONDUCTOR

Composed by Cole Porter for the show *Anything Goes* in 1934, "I Get a Kick Out of You" has become a standard performed by vocalists and instrumentalists worldwide.

As with any vocal chart, the band should not overpower the vocalist. Dynamic markings are always important, but especially in a vocal chart. I have carefully placed them in places which could easily overpower the vocalist. For example, measure 57 can be strong,

but then come down again in measure 58. If close attention is paid to all of the various markings, this chart will be very effective and should practically play itself.

The eighth notes in the syncopated inner parts in measures 3–5 (and everywhere else this rhythm occurs) should not be played too short. For the off-beat rhythm pattern, think "off-on-off-on" the beat.

The original lyrics written by Porter in 1934 are below, but I have written alternate lyrics in the arrangement that are more appropriate for most performers.

Cole Porter's original lyric, second verse:

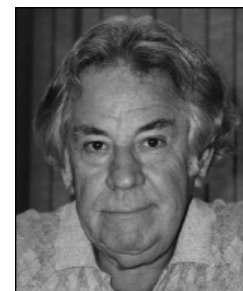

*Some get a kick from cocaine
I'm sure that if I took even one sniff
That would bore me terrific'ly too
Yet I get a kick out of you*

Here is an alternate second verse lyric you may want to try:

*Some like the perfumes of Spain
I'm sure that if I took even one whiff
It would bore me terrific'ly too
But I get a kick out of you*

Enjoy!
