## NOTES TO THE CONDUCTOR

*Scapple from the Apple* is one of the classic be-bop compositions of legendary saxophonist, Charlie Parker. It is arranged for a small group within the big band.

Some sections in the 3rd trumpet part are doubling the 2nd part and are notated as "optional." It is best to have those parts played with the indicated Harmon mute as it will add a nice color to the melody. The small group has the melody in the A sections.

In order to achieve a swinging be-bop feel, try to put emphasis on the upper notes of the melody. Overly accented will sound a little corny, so just a little push on the note will create a swinging feel. For instance: measure 13 on the "and" of beat 2; measure 15 on the "and" of 1; measure 17 on the "and" of 4; and measure 18 on the downbeat of 3. Articulations should be very crisp. *Marcato* or rooftop accents ( $\wedge$ ) are played detached—think "daht." Staccatos are of course short but not clipped—allow the pitch to sound.

There are full, thickly harmonized sections contrasting the lightly scored melody sections. Make sure the drummer reflects the style in each of these sections. Measures 1–13 can be played aggressively. At 13, notated "easy time," indicates a lighter approach—perhaps only hi-hat (leave the bass drum alone!) can be used up until around measure 32, continuing into 35. At measure 37, the drummer can go to ride cymbal to keep the chart moving right up to the solo section. It's also a very good idea for the drummer to learn the melody. That is a general rule of thumb for all music by the way! Knowing the melody will make it possible to anticipate small kicks to enhance the melody instead of just keeping time.

**Soloists:** Learn the melody of the tune! The standard melody is a little different than notated in the chart, plus it will give you a better understanding of the style, as well. The solos are written out, but encourage players to improvise. Whether playing the written solo or improvising, don't let the swing feel suffer. Keep the subtle emphasis on the upper notes of the lines, as this will give a strong sense of the swing feel, more than just trying to play swing eighths in a solo. Measures 90–121 can be omitted. Should this section be omitted, the backgrounds can be played over the first soloist and then on to 122.

Measure 122 needs to be noticeably dynamically soft. Avoid letting the time slow down or the articulations get mushy. Then, explode at 137 with a long fall, and then play aggressively to the end and really drive it at 146.

A personal note about falls on the trombone. I really don't recommend a "smear" fall on trombones unless the style of music would make it appropriate. Instead, move the slide against the grain. For instance, the D in measure 137 can be played in 4th position and the slide brought up to 1st position while liping the note down, causing a non-smearing fall. Fall goes down, slide goes up.

To make this chart really effective, the tempo needs to move. The marking of 172 is slightly under the ideal tempo. Try not to let it fall into a generic comfort zone of medium tempo—keeping the introduction moving with an aggressive approach will help. The tendency will be to drag the after beats. Push through those and this will propel the chart and keep the tempo up.

Enjoy!

—David Bandman

**David Bandman**

A native of Waukegan, IL, David Bandman is a graduate of The University of North Texas where he played trombone in the One O'Clock Lab Band. As a euphonium player he was the winner of the first ITEC (then TUBA) International jazz euphonium competition. He is a composer/arranger for the Big Apple Circus in New York City and for the world traveled WWII big band show *In the Mood Live*. He has written dozens of big band charts that are being played in high schools and colleges all over the country. He is currently a member of The United States Air Force Band, Washington D.C. where he is also a freelance musician, composer, arranger and educator.

13 14 15 16 17 18 19 20 21 22 23

The score consists of two systems of measures. The first system (measures 13-17) features solos for Alto 1, Tenor 1, and Tpt. 1, followed by a section where all parts play eighth-note patterns. The second system (measures 18-23) includes solos for Alto 1, Tenor 1, and Tpt. 1, and ends with a section for the Pno. and Bass. The title "SCRAPPLE FROM THE APPLE" is in the top right corner, and a large red diagonal watermark reading "Preview Requires Purchase" is overlaid across the page.
