NOTES TO THE CONDUCTOR

This Can't Be Love is a song by the brilliant writing team of Rodgers and Hart. It first appeared in the Broadway musical, "The Boys from Syracuse," in 1938, but went on to become a jazz standard, being covered by many great instrumentalists and singers. Because the tune began as a vocalized song before being interpreted as an instrumental, it is essential to know and ultimately sing the lyrics. The phrasing style for this arrangement is as if the players are vocalists; singing and interpreting the lyrics and therefore breathing at the end of sentences and not in the middle of a word. The best recording I know of that references the phrasing and swing-feel for this arrangement is Ella Fitzgerald's 1956 version, available on her CD, *The Rodgers and Hart Songbook*.

If you can find the recording, I strongly suggest playing it and having the band learn the lyrics. Beginning at measure 9, the saxophone section carries the tune where they can sing through their phrases rhythmically, but instead of singing vocal syllables, they should sing the actual lyrics. Once the lyrical phrasing of the head is solid, move on to the other sections where hopefully the players can identify motifs from the original song as they change and are developed. This is especially evident in the piano solo figures, which should be played as written, and the final shout section at measure 81.

The rhythmic figure of a grace note turn is used liberally in this arrangement. Again, have the players sing the phrase to get the swing of it. If this ornament is too difficult for the young players to master, please feel free to ignore it and play the swinging eighth note pattern alone.

Between measures 19 and 20, make a big deal of the effect. The sound should shimmer with the muted trumpets and trills and be extreme in the crescendo. Move the sound! If Harmon mutes are not available, substitute straight mutes, cup mutes, or playing into the stand. The drum solo in measures 27–28 is an homage to the lyrics ("My heart cannot stand still. Just hear it beat"). Have fun with the effect. At all other times, the drums should keep a nice "tight and light" swing pattern—nothing too bombastic—until the final shout section. Consider keeping it on the hi-hat and snare, saving the toms for the effect and the shout section at the end. Brushes are also an option. At 41, there is a call-and-response between the piano soloist and the saxophone section. Again, sing through the back and forth exchange until it is smooth.

When you finally reach the shout section with a saxophone pickup in measure 80, the original tune is abandoned for a swinging big band instrumental sound. The phrases should still maintain their "singing" quality. There is a brief return to the original bridge material, but the final A section returns focus to the band over the lyrics. Be sure to practice the rhythmic extension of the last four measures (by singing).

Enjoy!

—Lisa DeSpain

**Lisa
DeSpain**

Lisa DeSpain is the recipient of numerous composition awards, including an Aaron Copland Fellowship and the ASCAP/IAJE Commission Honoring Duke Ellington. She studied jazz piano under Elaine Elias and Ellis Marsalis and jazz composition with Manny Album. Ms. DeSpain's music has been heralded by the New York Times as "intoxicating" and "intelligent and witty."

This image shows a page of a musical score, likely for a large ensemble or orchestra. The score is written in 4/4 time and includes parts for various instruments and voices. The instruments listed on the left are: Alto 1, Alto 2, Tenor 1, Tenor 2, Baritone, Trumpet 1, Trumpet 2, Trumpet 3, Trumpet 4, Trombone 1, Trombone 2, Trombone 3, Trombone 4, Guitar, Piano, Bass, and Drums. The score is written in a standard musical notation with a key signature of one sharp (F#) and a common time signature (C). A large red watermark reading "Preview Requires Purchase" is overlaid diagonally across the page. The page number "76" is visible at the bottom left, and the page number "80" is visible at the bottom right.
