## The Arranger

Born in 1959, Chris Sharp is a Florida native raised in Cocoa Beach. He received a Bachelor of Music degree in theory and composition from the University of Florida, where he performed in bands under Frank Wickes and Gary Langford, and studied privately with Richard W. Bowles and Edward Troupin. He earned a Master of Music degree in studio writing and production from the University of Miami, studying with Gary Lindsay, James Progris, Alfred Reed, Ron Miller, and Whit Sidener. Since 1984, Mr. Sharp has served as a staff arranger for Walt Disney World Creative Services, providing music for events ranging from street bands to national television broadcasts. He has also written for Universal Studios (Florida and California); Ringling Brothers Circus; high school and college bands throughout the United States; and several service bands, including the famed USAF Airmen of Note. Active nationwide as a clinician and adjudicator, Mr. Sharp's present focus is on developing material for high school and middle school concert bands, jazz bands, and small ensembles. He currently lives in the Orlando area, where he is a composer, arranger, orchestrator, freelance trombonist, and active music educator.

## About the Music

Although many people may not be familiar with the name Johnny Marks, his numerous Christmas tunes have become synonymous with the holiday season. Easily the best known of these is the children's classic *Rudolph the Red-Nosed Reindeer*. This arrangement suggests a rather manic Rudolph, bouncing crazily back 'n' forth among musical styles. After a tender, balladlike intro, swing, rock, and Caribbean-salsa styles alternate throughout the remainder of the piece.

There are a few solo exposures—most notably for the bells in bar 6 and bars 91–92, and for the bari sax in bars 39–40. Alternate notes are provided throughout for bari players who lack the low A key. The solo itself can be played by a competent bass trombonist or even the bass player if necessary. At bar 69, there is a written-out trumpet *solo* provided in the trumpet 2 part. (The player can also improvise instead.)

The drum set player should closely follow the written part in the salsa sections to accurately simulate an authentic style. The guiro part will also help to enhance this effect. Until the *ritard.* leading into bar 104, it is important to maintain tempo among the varying styles to maintain forward movement throughout the piece.
