Beachfront Bossa

by Bruce Pearson

First Place for Jazz - Charts

THE COMPOSER

Bruce Pearson is a world-renowned music educator, author, composer, and clinician. He is the author of the *Standard of Excellence Comprehensive Band Method*, widely regarded as the most important contribution to the band music field in the last three decades, as well as his first contribution, *Best In Class*. His new contribution, co-authored with Ryan Nowlin, the *Tradition of Excellence Comprehensive Band Method*, is a performance-centered curriculum that seamlessly blends time-tested and innovative pedagogy with cutting-edge technology. He also co-authored, with Dean Sorenson, the *Standard of Excellence Jazz Ensemble Method* and the *Standard of Excellence Advanced Jazz Ensemble Method*.

In addition to his method books, Dr. Pearson is well-known as a composer of many frequently performed compositions for concert band and jazz ensemble. He has led clinics in all fifty of the United States and has been guest conductor and clinician, by invitation, in countries throughout the Pacific Rim, the Orient, Europe, and the Canadian provinces.

Raised in Bloomington, Minnesota, Bruce Pearson has taught at the elementary, junior high, high school, and college levels for over 40 years. In December of 1998, Dr. Pearson was awarded the prestigious Midwest Clinic Medal of Honor in recognition of his outstanding contributions to music education. In 2007, he was the recipient of the Distinguished Alumni Award at St. Cloud State University. Also in 2007, he was recognized as the first Patron for the Maryborough Conference in Queensland, Australia. Dr. Pearson was selected as a 2017 recipient of University of Northern Colorado's Honored Alumni Award. Additionally, the American School Band Directors Association conferred on Dr. Pearson the 2014 Edwin Franko Goldman Award "as a symbol of high esteem and respect for outstanding personal contributions to the school band movement." He continues to work as a composer, arranger, and author and is currently the Ministry and Music Director of two orchestras—The Alleluia Orchestra and the Twin Cities Praise Symphony.

THE COMPOSITION

Beachfront Bossa is a bossa nova that provides students with an introduction to one of the most well-known styles of Brazilian music. As a dance, the bossa nova differs little from the samba, requiring the same subtle body rhythm and two-step foot movement. Bossa nova music is popular Brazilian music that evolved in the late 1950s from a union of samba (a Brazilian dance and music) and cool jazz. The music is syncopated often starting on up-beats. Composer Antonio Carlos Jobim and Guitarist João Gilberto may be considered the founders of this style. Begin **Beachfront Bossa** with a relaxed, steady bossa groove. Make sure the stylistic articulations are light and crisp throughout, while the phrases with slurs are played smooth and calm. Coming out of the solo section, pay close attention to the ♭ in bar 49 and the crescendo into bar 51. In bar 51, lock in both the ♭ dynamic level and articulations—ensemble playing at its best. The ♭ at the end of the tune in bar 97 adds a nice touch to bring this smooth bossa nova to a relaxed ending.

All charts in the *First Place for Jazz* series feature flexible instrumentation. They can be performed by the full jazz ensemble, or will sound full and complete with as few as nine players: Alto Sax 1 and 2, Tenor Sax 1, Trumpets 1 and 2, Trombone 1, Piano, Bass, and Drums. Parts are also included for: Flute, Clarinet, F Horn, Tuba, and Baritone T.C.

IMPROVISING SOLOS ON BEACHFRONT BOSSA

Improvisation is the essence of the jazz experience, and students should be encouraged to improvise solos. The solo section for *Beachfront Bossa* is found in bars 41–50. Students can improvise a solo using the notes of the concert C Natural Minor scale. For soloists who wish not to improvise, there is a suggested solo provided in all of the parts. It contains color tones that are not a part of this scale, but that may be added to any improvised solo.

Remember that both the suggested solo and the scale are mere starting points for improvisation. Any instrument can solo, and the solo section can be repeated as many times as necessary. Backgrounds can be cued at any time.

C NATURAL MINOR SCALE

GUITAR, PIANO, FLUTE, VIBES: C NATURAL MINOR

Kjos Music's Guide to © Copyright

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

Adjudicator Copies

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence*, *String Basics: Steps to Success*, *First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks*, *BandWorks*, *Conservatory Editions*, *StringTracks*, and *Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

Making an Audio or Video Recording

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit www.copyright.gov.

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

Arranging for Marching Band or Another Ensemble

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

What If I Want To ... ?

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit www.kjos.com and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
