Program Notes

Tractor Pull was written for the Lorain County (OH) 4-H Band, Cory Seabold, Conductor. The band is comprised of students from most of the Lorain County area and performs a series of parades and concerts at the Lorain County Junior Fair and other venues during the summer months.

Performance Notes

The “tractor part” should be somewhat resonant (fenders, etc. do not work well). Think along the lines of the transmission, or you could just cheat and use a brake drum or air conditioner reservoir from an automobile. Your students may well surprise you with just the right sound.

ENSEMBLE WORKS

ADAMS, DAN

50100169 Invasion of the Slimy Five-Headed Slow-Mo Monsters from Outer Space (Grade 1)

Can your band save the world from these eerie invaders from somewhere in outer space? Using only seven notes, some humorous vocal effects, and an easy way to learn about dynamic contrast, this is the perfect selection for a first concert.

20100767 Return of the Dust Bunnies for Band (Grade 1)

Those pesky dust bunnies are back! Terrifying screams, vacuum cleaners and brooms accompany this frightening look at what lurks under the bed. This work continues the tradition started by *Revenge of the Dust Bunnies* and includes some hilarious staging ideas for your percussion section. Everyone knows the danger that is just out of sight and only your band can save the day!

20100725 Revenge of the Dust Bunnies for Band (Grade 2)

Beware the terror that lurks under the bed! In addition to being a very clever selection for your students, this is really great teaching material for your first or second year band. Trombone glissandi, a clever melody, and scary percussion effects, including an electric vacuum cleaner (to get those little 'guys') will make this a real hit.

BALENT, ANDREW

20100716 Little Brazil Suite (Grade 1)

Give your young musicians and their audiences a musical look at life in another country. From his guest conducting travels in Brazil, Andy has constructed a suite of three contrasting traditional Brazilian children's songs: *Marcha, Soldado!* (March, Soldier), *Capelina de Melao* (Little Chapel of Melon) and *Ciranda*, a popular children's circle dance. This is a wonderful glimpse into the culture of the largest country in South America.

BRAHMS, JOHANNES

Barber, Clarence/ Buehlan, Barbara

50130010 Blessed Are They (flex band) (Grade 3)

Johannes Brahms was not a religious man in the usual sense of the term, so it should be of no surprise that when he wrote the German Requiem; it did not follow the prescribed five movement form of the traditional requiem mass, but instead contained seven movements. The first time Brahms combined orchestra with chorus and soloists, it is considered to be his choral masterwork. While the style is unabashedly romantic with all the depth and beauty associated with the music of Brahms, the form is clearly influenced by Handel and reflects Brahms' intensive study of earlier masters. *Blessed Are They* is the sublime first movement of the German Requiem; and the original version pairs the chorus with the orchestra to create a heavy, somber mood. This skillfully crafted arrangement for flexible instrumentation, edited by Clarence Barber, makes this work playable by as few as five players up to large bands and orchestras, and everything in between.

BRAHMS, JOHANNES

Buehlman, Barbara

10100145 Blessed Are They (Grade 3)

Johannes Brahms was not a religious man in the usual sense of the term, so it should be of no surprise that when he wrote the "German Requiem," it did not follow the prescribed five movement form of the traditional requiem mass, but instead contained seven movements. The first time Brahms combined orchestra with chorus and soloists, it is considered to be his choral masterwork. While the style is unabashedly romantic with all the depth and beauty associated with the music of Brahms, the form is clearly influenced by Handel and reflects Brahms' intensive study of earlier masters. "*Blessed Are They*" is the sublime first movement of the "German Requiem," and the original version pairs the chorus with the orchestra to create a heavy, somber mood. This skillfully crafted arrangement for concert band has become a staple in literature for developing bands.

CONLEY, LLOYD

20100757 Bobsled Run (Grade 2.5)

Lloyd Conley vividly captures the feel of the cold wind in your face as you careen down the bobsled course. The magic of winter is evident in this captivating work, with some mild technical challenges such as repetitive eighth-note patterns for all sections. An excellent choice for the holiday concert, but you can program this work at any time of the year. Take a ride!

DUFFY, THOMAS C

10100316 Snakes! (Grade 3)

This Duffy work by has become a huge hit with bands across the country. While exposing students to some aleatoric elements and unusual sound production, it is a solid piece of music accessible to groups from good middle schools to university and community groups. A solid player and crowd pleaser.

FOSTER, ROBERT E.

50100155 Adrenaline Rush (Grade 1)

The title explains just what is going to happen as you open with this thriller for young band. Rob Foster shows an intimate knowledge of the grade 1 band and its capabilities. It is equally at home as an opener or closer for your concert.

50100227 Sleighridin' (Grade 1)

Imagine riding in a sleigh over snowy trails. Feel the snap of the cold, the sound of horses bells, the crack of the whip—all captured in this delightful work for young band.

GRAINGER, PERCY ALDRIDGE

Branchfield, Aric

50130012 Mock Morris (flex band) (Grade 3)

Evoking 'jog trot' images and moving steadily from beginning to end, this wonderful tune is classic Grainger. This setting of the Joseph Kreines edition for flexible instrumentation was arranged by Aric Branchfield.

GRAINGER, PERCY ALDRIDGE

Kreines, Joseph

10100279 Mock Morris for Band (Grade 3)

Evoking 'jog trot' images and moving steadily from beginning to end, this wonderful tune, first presented by the woodwinds in a variety of colorful voicings and punctuated by brass voices, eventually, is classic Grainger. Explicitly edited in this edition, it is a fitting addition to any concert or contest program.

HALVORSEN, JOHANN

Fennell, Frederick

10100278 Entry March of the Boyars (Grade 3)

This is a new edition of *Entry March of the Boyars* for which Frederick Fennell has provided a contemporary overview of Halvorsen's distinguished and musical contribution to concert march repertory. Prepared from the primary source, the orchestral score of 1895, there is careful musical reconsideration of the entire score, including a full set of percussion parts and music for the low clarinets. The Fennell edition replaces that by Clifford Barnes previously published by Ludwig Music. The Boyars were Russian aristocrats, also a privileged class in Romania. A great recording of this classic work is available through Ludwig Music on Brain CD, 32997503.

LAPLANTE, PIERRE

10100472 Fantasy on a Fiddle Tune (Grade 3)

Pierre has written another winner! Based on the folksong, *Old Joe Clark*, this is a joyful fantasy of contrasting styles, tempi and dynamics, with plenty of challenge, and rewards for everyone. This is sure to be on many festival lists.

MILFORD, GENE

20100701 Pirate's Cove (Grade 1)

Pirate's Cove is a dramatic short overture that captures the excitement, daring and mystery of the age of the buccaneers. Scored to give the less experienced band a secure, full sound, *Pirate's Cove* has interesting parts and melodic writing for all sections.

NELSON, RON

10100363 Courtly Airs and Dances (Grade 3)

This is a suite of Renaissance dances which were characteristic to five different European countries. The festival opens with a fanfare-like *Intrada* followed by *Basse Dance* (France), *Pavane* (England), *Saltarello* (Italy), *Sarabande* (Spain) and *Allemande* (Germany). This is one of the composer's more accessible works for bands at this level.

PRESS, JACQUES

Johnston, Herbert N./ Fennell, Frederick

10100373 Wedding Dance (Grade 3)

Jacques Press spent many of his years in Hollywood, mainly scoring music for the motion picture industry. A fine pianist, he also composed *Disconcerto* for piano. This transcription of *Wedding Dance* from the Symphonic Suite "Hasseneh" (The Wedding) was completed by Herbert N. Johnston and edited by Frederick Fennell.

REED, ALFRED

M911002 Rosalind in the Forest of Arden (Grade 3)

Subtitled "A Sylvan Serenade for Winds After Shakespeare's 'As You Like It,'" *Rosalind in the Forest of Arden* was dedicated to William H. Sylvester and the Eastern Wind Symphony.

STRAUSS, RICHARD

Davis, Albert O.

10100241 Allerseelen (Grade 3)

This classic of the Ludwig Music library is a wonderful reworking of one of Richard Strauss' lovely and haunting early art songs. The wind band arrangement is extremely respectful of the original work and strives to maintain the importance of the beautiful melodic line.

TRADITIONAL

Martin, Jeremy S.

50100285 Prelude on Adeste Fideles (Grade 3)

Effective as an opener, this prelude on a familiar hymn can fit nicely anywhere on your program. Its "band friendly" keys and carefully controlled tessitura make it solidly playable. The work is an original look at a favorite carol.

WHITE, TERRY

50100244 Acadia March (Grade 1)

This will be the perfect vehicle to teach march style, grab the audience with an ear-pleasing toe-tapper, and open or close your first concert. Professionally written, pedagogically sound, and easy to read and perform, it is a march you're certain to perform frequently.

WILLIAMS, CLIFTON

10100100 Variation Overture (Grade 3)

From its premiere years ago, *Variation Overture* has been a classic and hugely successful publication. Presented as a concert overture, the theme and variations are immensely enjoyable to perform and to hear, time and time again. The level of difficulty is deceiving as the work sounds more difficult than, technically, it is.

BARBER, CLARENCE E.

20100692 A Festival Celebration (Grade 2)

50100310 Alien Autopsy (Grade 2.5)

Humorous and most assuredly tongue-in-cheek, Alien Autopsy offers cross-cued solo opportunities for bassoon, flute, clarinet, alto saxophone, and tuba. A wide array of percussion instruments gives the players an opportunity to shine without being overbearing.

20100702 An American Ballad (Grade 2)

50100195 Ancient Footprints (Grade 3)

Young players enjoy playing in minor keys because they are often filled with excitement and drama. This melodic new work capitalizes on that fondness for minor keys and has all the energy and drama the students will want.

50130011 Ancient Footprints (flex band) (Grade 3)

Young players enjoy playing in minor keys because they are often filled with excitement and drama. This melodic new work capitalizes on that fondness for minor keys and has all the energy and drama the students will want. This version for flexible instrumentation was arranged by the composer.

50100163 Aria: Without Words (Grade 3)

This beautiful composition explores the rich sonority of the concert band. This lyrical setting has nice parts for every performer and will demand the utmost control and sensitivity from both conductor and player.

50100032 Bath Time (Grade 1)

We know you love rubber ducks, so Clarence Barber has written a work that features their squeak. Everyone gets to ham it up with toy boats, water sounds, soda straws with water and much more. We guarantee this piece will be this hit of your next concert! And let's face it: clean kids are easier on the nose.

20100765 Bermuda Triangles (Grade 1)

The only thing more frightening than being lost in the Bermuda Triangle has to be...being lost in the Bermuda Triangle with a composer with too much time on his hands. This infectious, tongue-in-cheek work for young band features the percussion section but uses only 4 triangles, cowbell, and claves. With a distinctive Caribbean flavor, this work will add a unique contrast to any first concert.

50100134 Beware the Captive Yoop (Grade 3)

Enter the fantastical Land of Oz with this exciting work appropriate for contest, concert, or festival. Beware! The Yoop eats "meat people and orange marmalade!"

50100101 Celebrate! (Grade 4)

The title says it all. The opening horn riff sets the tone and the work never flags through the final chord. If you've got the horses, try a faster pace, but hold on tightly!

20100697 Christmas Collage (Grade 1)

Christmas Collage is holiday music for the youngest bands, a medley of familiar carols: Jingle Bells, Good King Wenceslas, and The Wassail Song. Using only rhythms up to quarter notes in the winds, this is very accessible music which will show your band at its best.

20100520 Creatures of Dreams (Grade 4)

20100752 Dragon Riders (Grade 1)

Dragon Riders is all about the imagination. Can you imagine riding a dragon as it soars above the earth, gliding between mountains and trees, reflecting its majestic image from the surfaces of lakes and ponds, the powerful thrusts of the beast's massive wings, the roar of its fire-breathing echoing through the valleys? Close your eyes as you listen and let your imagination take you on a breath-taking journey.

20100721 Dramatic Scene (Grade 2)

50100117 Edifice (Grade 2)

Bold, angular themes and robust low brass highlight this engaging work. The work sounds intrepid, even audacious, yet there are no real technical demands to get in the way. It's all about the sound.

50100191 Festive Episodes (Grade 2.5)

A celebratory compilation of themes that show the band in its best light, Festive Episodes is an accessible and joyous work. It is melodic, rhythmic, colorful, and allows everyone to play an important part in its performance.

20100521 H.M. Wogglebug (Grade 2.5)

Highly Magnified Woggle-bug, Thoroughly Educated, is an imaginative journey to the Land of Oz. Band members sing, clap stomp and chant in this fantasy inspired by the works of L. Frank Baum. This is exciting writing for young bands and will be a hit on any concert or an unusual festival selection for the daring conductor.

50100282 Honor and Epitaphs (Grade 3)

An excellent choice for concert or festival performance, Honor and Epitaphs is a melodic and rhythmic delight. There is a brief duet between cornet and euphonium, and an active and important bass clarinet line. A brief percussion accelerando leads to the exciting conclusion.

50100125 Hymn Tune Fantasy (Grade 4)

Based upon a hymn from Southern Harmony, this fantasy is a superlative introduction to the hymn style. It is tuneful, with unexpected twists of melody and harmony, and it has terrific parts for everyone in the band. You can't go wrong with this!

50100059 In Footsteps of Legends (Grade 3)

At times heroic and bold, at times elegant and lovely, this musical work pays tribute to iconic figures that have shaped the lives of youth. Everything bands love to play is here, with active lines and sonorous harmonies throughout. An excellent vehicle that teaches nearly any musical concept.

50100161 Island Rhythms (Grade 3)

50100151 Kingdom of Shadows (Grade 4)

20100271 Mesozoic Plaything (Grade 3)

50100118 Midnight Sun (Grade 2)

A modal excursion that is propelled ever forward by its driving rhythm, Midnight Sun places a premium on careful student attention. Everything you expect is there, just not where you expect it.

50100023 My Dog Ate My Homework (Grade 1)

Why not write a band work that celebrates the most famous excuse in school? This sounds like a job for Clarence Barber! Students get to tear paper and crumple it up in this fun novelty work. Your audience will truly enjoy this homage to youthful creativity in the face of certain disaster. Warning: Do Not Use Real Homework!

50100333 Of Dreams and Destiny (Grade 3)

The result of a commission from the St. Edward High School Band (Lakewood, OH) for their performance at Severance Hall, OF DREAMS AND DESTINY speaks to the dreams of students for their futures and the bright destiny that being a member of a band can lead to for each of them.

50100179 On the Dread Coast (Grade 3)

Syncopated rhythms, fat chords, trombone glissandi, and a compelling drive make this an exciting work for bands. It can be played with as few as four percussionists or you can assign a player to each instrument (eight players).

20100293 Storybook Suite (Grade 4)

20100732 Three Patriotic Chorales (Grade 2)

Versatile as well as useful. Three patriotic songs, Chester, America (My Country 'Tis of Thee) and America the Beautiful, can be performed alone or together as a concert suite or effective warm-up. Familiar and fun in either setting.

50100335 Tractor Pull (Grade 2.5)

If you're commissioned to write a work for the Lorain County (OH) 4H Band, of course you're going to use tractor parts as part of the sound picture. Surely one of your students will have access to just the right "instrument!"

50100182 Valedictory (Grade 3)

This is a sonorous, melodic tribute that gives the concert band the opportunity to do what it does best. The work is scored to bring out the most from each section of the ensemble and combines weaving contrapuntal lines that emphasize the vertical chordal

50100044 White Shadow (Grade 2.5)

Tasteful and judicious doublings make this piece playable with a wide variety of instrumentations. Contemporary harmonies and active percussion parts add to the excitement of this work. Well suited to schools with small bands.

50130005 White Shadow (flex band) (Grade 2.5)

For the band director confronted with unusual instrumentation, this version of WHITE SHADOW is playable by as few as five winds with percussion. Originally written for a band with only 11 members, this is a perfect fit for groups with some ability but less than optimal instrumentation.

50100021 Turkish March, Op. 113 for Band (Grade 2)

It's time to get out your Turkish crescent! This favorite Beethoven melody has been modified just slightly to facilitate the technical demands on the young performer. Third clarinets stay below the break while the percussion keep a stately tempo. The gentle sway of this early march and the visual opulence of the crescent make this a real showstopper!

BRAHMS, JOHANNES

Barber, Clarence/ Buehlan, Barbara

50130010 Blessed Are They (flex band) (Grade 3)

Johannes Brahms was not a religious man in the usual sense of the term, so it should be of no surprise that when he wrote the German Requiem; it did not follow the prescribed five movement form of the traditional requiem mass, but instead contained seven movements. The first time Brahms combined orchestra with chorus and soloists, it is considered to be his choral masterpiece. While the style is unabashedly romantic with all the depth and beauty associated with the music of Brahms, the form is clearly influenced by Handel and reflects Brahms' intensive study of earlier masters. Blessed Are They is the sublime first movement of the German Requiem; and the original version pairs the chorus with the orchestra to create a heavy, somber mood. This skillfully crafted arrangement for flexible instrumentation, edited by Clarence Barber, makes this work playable by as few as five players up to large bands and orchestras, and everything in between.
