The Composer

Randall D. Standridge (b. 1976) grew up in Little Rock, Arkansas and received his Bachelor's of Music Education from Arkansas State University, where he studied composition with Dr. Tom O'Connor. He returned to Arkansas State University and received his Master's in Music Composition, studying with Dr. Tom O'Connor and Dr. Tim Crist.

Randall is a member of ASCAP and is in demand as a composer, arranger, clinician, and designer. His pieces have been performed internationally, and numerous pieces have been selected to the J.W. Pepper's Editor's Choice list. He has also had several pieces selected for performance at the Midwest Clinic in Chicago, IL, and his work *Art(isms)* was performed at the 2010 CBDNA Conference in Las Cruces, New Mexico. His music is recognized as worthwhile literature for concert festivals and band concerts across the United States and throughout the world.

In addition to his career as a composer, Randall is a marching band designer, having created numerous award winning marching band arrangements, compositions, and drill designs. He also works as a freelance film composer, artist/photographer, and writer. He lives in Jonesboro, Arkansas with his family.

Program Notes

Kinetic Dances is a dance for symphonic band in mixed meter. The rhythmic interchange between 7/8 and 4/4 time are utilized to create a unique rhythmic flow for the work. The challenge, when writing this, was to make the meter feel as natural as possible. The piece is in a slightly modified Rondo form, with the main theme alternating with contrasting sections. Careful consideration was made in orchestrating this work to make it achievable by schools with smaller instrumentations, in accordance with the request of the commissioning party.

Kinetic Dances was commissioned by Steven H. Moss and the C.H. Yoe High School Band of Cameron, Texas, for performance at the 2014 TMEA conference in San Antonio, Texas. I owe him and his students a huge debt of gratitude for trusting me with this project.

There are also three more individuals I should thank. Normally, I am a veritable fountain of ideas for the titles of my works, but for this work I found myself completely dry. A special thanks goes to Austin Mueck, Soledad Rios, and Garrett Wallace of the C.H. Yoe Band for coming up with the title of this work, which I think fits it perfectly. You guys have my undying thanks and appreciation.

Rehearsal Suggestions

Students who have not been exposed to 7/8 meter may find this work initially challenging, but the repetition built into the piece will help serve to re-enforce this skill. It is highly recommended to work on individual sections of the music until students are confident and comfortable with the meter.

Percussion balance should be slightly on the louder side, though not covering the winds. A reserved balance in the percussion will only serve to dull the work's intended effect.
