Flight of the Bumblebee

Nikolai Rimsky-Korsakov
Arranged by David Marlatt

This is one of the most famous and recognizable pieces of classical music. It has been arranged for many combinations of instruments ranging from orchestra to boom whackers.

This arrangement opens with open sections of quiet “bumblebees” (cup muted trumpets) with an number of trumpets playing orchestral excerpts. These are at the discretion of the players and can range from the opening of *Pictures* to excerpts involving 4+ trumpets. After a short *Also Sprach Zarathustra* opening, the expected *Flight of the Bumblebee* arrives.

This introduction can be omitted and the traditional piece can be played in its entirety.
