Sweet Cakes and Honey From The Jazz Commandments

This is a blues tune that was originally written for the book called "The Jazz Commandments" which lays out the fundamentals of articulation and phrasing in the swing style. This book has been used by many directors and students over the years, so the tune "Sweet Cakes and Honey" might be a familiar piece for some.

Notes to the Director

The Saxes are featured several times throughout the chart. Be sure that the players know when they are playing in unison with each other and versus when they are in harmony and have them adjust their sound to fit each situation. The solo section at 41 is a straight up blues in F, so it will be easy to open this up for multiple players. Use the 4 bars from 41 - 44 as a "send off" for each new soloist. The brass should only play the figures here at the start of each solo...not every time it repeats.
